

FUND SWITCH AND PREMIUM REDIRECTION FORM (For Investment Linked Plan Only)

WARNING:
 You may incur fees and charges as a result of:-
 (i) the disposal of, or reduction in interest in, an existing investment product (“investment product” includes life policies and unit trusts); and
 (ii) the acquisition of, or increase in interest in, a new investment product.
 Before switching from one investment product to another, you should find out whether you are entitled to free switching and consider carefully whether any fees, charges or disadvantages that may arise from a switch would outweigh any potential benefits. Some of the disadvantages associated with switching include the following:-
 (i) you may incur transaction costs without gaining any real benefit from the switch;
 (ii) the new investment product may offer a lower level of benefit at a higher cost or same cost, or offer the same level of benefit at a higher cost;
 (iii) you may incur penalties for terminating the existing investment product; and
 (iv) the new investment product may be less suitable for you.
 It is important to seek advice from your financial planning consultant before proceeding with the transaction. Your adviser can provide appropriate recommendations to you, taking into account your investment objectives, financial situation and needs.
 Please be informed that any incomplete documentation will affect the processing of your transaction request and the unit price of the transaction. As some of the funds may be closed and prices are not available on certain days, transaction instructions submitted on these non-dealing days will be carried forward to the next business day for processing.
