Money not enough? Be the wealth magnet to attract what you desire

#MakingYourMoneyWorkHarder

To be wealthy beyond imagination is to plan for a future that's too far to see. To be truly rich is to have the privilege and power to amass immense wealth beyond what's enough for your lifetime.

Why stop accumulating wealth when you can keep going? Attract greater abundance to build a legacy of enduring prosperity.

#MakingYourMoneyWorkHarder for you is only one-half of the formula for wealth accumulation; the other half is choosing the best investment plan to help you nurture your wealth. TM's investment-linked plans offer you the premium financial advantages as follows:

Why should you invest for wealth accumulation?

A bigger nest egg for your golden years

Income supplement when you need it

Ready funds for special occasions and unexpected needs

A legacy of financial security for your loved ones

If you want more, know that you can get it. With a wealthy mindset and the right plan, you can transform “wealth beyond imagination” into reality.

Important Notes:

This electronic direct mailer (EDM) is not intended as an offer or recommendation to the purchase of any insurance plan. The insurance plans are underwritten by Tokio Marine Life Insurance Singapore Ltd. and are only available through our authorised distributors. Kindly obtain the required product disclosures and seek advice from a financial adviser before making a commitment to purchase the qualifying product(s). As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. It is also detrimental to replace an existing life insurance policy with a new one as the new policy may cost more or have fewer benefits at the same cost.

The insurance plans are protected up to specified limits by SDIC.
